SORENTO

The Power to Surprise

Powerful yet gentle

Driving experience

Synergy between the performance and drivability requires aerodynamic improvements to reduce wind noise and increase fuel economy, ultimately providing an outstanding driving experience.

The Sorento has a smoother rear body design, new distinctive rear combination lamps and a redesigned rear spoiler to reduce air resistance. The underbody surface was also streamlined by adding a flat engine cover extending throughout the floor pan. The front bumper lips and wheel deflectors were added to provide additional improvements resulting in the Sorento being one of the most aerodynamic mid-sized SUV's on the market.

8 speed transmission

The new Sorento comes with the internally developed 8 speed transmission that gives you an all over smoother ride and gear transitions.

Petrol 3.5 V6 MPI

- Maximum power: 203 kW @ 6,300 rpm
- Maximum torque: 336 Nm @ 5,000 rpm (indent order only)

Diesel Turbo R2.2

- Maximum power: 147 kW @ 3,800 rpm
- Maximum torque: 441 Nm @ 1,750-2,750 rpm

Drive mode select system

Easily select Normal, Eco, or Sport mode to suit your mood by using a button located on the centre console.

Driving enjoyment made easy

Electronic parking brake

Activate the parking brake simply by touching the button instead of pulling the lever or pushing the pedal.

Automatic vehicle hold

Holds the Sorento at a standstill without having to keep your foot on the brake.

Blind Spot Detection with Lane Change Assist

The system can detect approaching vehicles within a distance of 70 metres. A visual and/or audible warning will alert you when they enter your blind spot zone if you're indicating to change lanes.

Advanced Smart Cruise Control (ASCC)

ASCC uses a radar sensor at the front of the vehicle to monitor the distance between you and the vehicle ahead. To preserve a pre-determined safe distance, the system will apply the brakes, and even stop the Sorento if necessary.

Idle Stop & Go (ISG)

In diesel models, when the Sorento is stopped in traffic the ISG system will shut off the engine, then restart it immediately when you take your foot off the brake, helping reduce emissions and fuel consumption.

Operation conditions apply.

Rear Cross Traffic Alert

Activated when you put the Sorento into reverse, the system will warn you if it detects any traffic approaching within 20 metres of the rear of the vehicle, which can help avoid accidents when reversing out of a parking space or driveway.

Lane Keep Assist System

The system detects the lane using the onboard camera and informs you with a visual cue and warning sound if the vehicle begins to drift outside of its lane, without the driver indicating, alerting a possibly distracted driver.

Emergency fastening device

The first row seatbelts in the Sorento feature an emergency fastening device to remove slack and ensure optimal seatbelt restraint in the event of a collision.

Around view monitor

This intuitive system combines four wide angle images from cameras at the front, rear and sides of the vehicle to give you a bird's eye view of your surroundings while parking or moving at speeds below 20 km/h.

Autonomous Emergency Braking

Using radar and camera data, the Sorento senses the potential for a collision with a pedestrian, car, or object ahead and applies emergency braking to avoid or reduce the effects of a collision. Available on Premium variant.

Features that heighten the satisfaction

Smart key with push button start

With the smart key in your pocket or bag, you can unlock or lock the doors and turn the engine on or off with the touch of a button.

Heated and ventilated seats

For cool weather comfort, heated first and second row seat cushions and seat backs allow adjustable heating for the driver and passengers.

On warm days, the driver and front passenger can enjoy soothing cool airflow through the seat cushions and seat backs.

Integrated memory system

Store customised seat and side mirror positions for two drivers, removing the hassle of repositioning the driver's seat each time.

Heated steering wheel

A heated steering wheel makes it much more enjoyable to grip the wheel firmly on cold winter days.

Harman/Kardon® premium sound

Available in the Premium model, Harman/Kardon® sound system includes subwoofers that resonate in hollow parts of the frame and body. Clari-Fi technology enhances digitally compressed music while Active Sound Design augments acceleration, shifting and suspension sounds for an enhanced driving experience.

Panoramic sunroof

The vast dual-pane panoramic sunroof lets you and your passengers enjoy fresh outdoor breezes as it creates an even more spacious interior ambience. Available on Premium.

Dual-zone climate control A/C

The dual-zone climate control allows the driver and front passenger to adjust their own personal temperature settings, while the system automatically maintains the desired climate.

Apple CarPlay™

Apple CarPlay is a smarter way to use your iPhone® in the car. It enables your vehicle's radio to be a display and controller for compatible iPhones when they're plugged into your Kia's USB port.

Android Auto™

Android Auto is designed to help you stay focused on the road. It equips your vehicle's radio with display and control functions for compatible Android phones when they're plugged into your Kia's USB port.

Specifications, equipment and colours shown in this brochure are subject to change without notice or obligation.

* Fuel consumption figures shown are from standard European Design Rules tests EC715/2007 (includes ECE R101) and are stated for the purpose of comparison.

Actual results achieved will differ according to operating conditions and driving style.

** Not all handsets may be compatible.

™ Apple CarPlay: Requires an iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning® cable provided with your phone or, Apple certified Lightning cable.

* Android Auto: Requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone.

Kia Motors cannot guarantee continued compatibility.

The environment

ECO-CONSCIOUS

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

Services

5 YEAR Warranty Programme (UP TO 100,000 KM)

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.com/NZ for full details and terms & conditions.
