The Power to Surprise

AT HOME IN THE URBAN JUNGLE

h

The centre of attention

The 2021 Picanto

1

If the city makes you feel young and alive, and you're eager to explore new places, you've found a soul mate in the Picanto. It may be small, but it's roomy inside, and it's full of big ideas.

Kappa 1.2 MPI engine The CVVT MPI engine with piston-cooling jets and coated piston rings combines efficiency, power and dynamic performance. Power: 62 kW @ 6,000 rpm Torque: 122 Nm @ 4,000 rpm

Automatic transmission The 4-speed automatic transmission offers quiet operation and shift points that are set to maximise smoothness, even in start-stop city traffic.

Manual transmission The 5-speed manual transmission features friction reduction measures for lasting performance, and lets you select gears quickly with confidence. Available on LX model only.

Six airbags

STREET

STREET

To help protect occupants and potentially reduce injuries in the event of a collision, Picanto offers driver and front passenger airbags, two front-side airbags, and two side-curtain airbags.

EXPERTISE IN WATCHING OUT

Electronic Stability Control (ESC)

ESC ensures optimal braking performance and directional control by automatically delivering the right amount of braking force to each front wheel according to engine torque and driving conditions.

Autonomous Emergency Braking (AEB)

Using camera and radar data (radar data only on LX), the Picanto senses the potential for a collision with a car or pedestrian ahead (car or object only on LX), and applies emergency braking to avoid or reduce the effects of a collision.

Hill-Start Assist Control (HAC)

At a standstill on an incline, HAC prevents you from rolling backwards by gently applying the brakes for up to 2 seconds. From the time you lift your foot from the brake pedal, it gives you time to switch your foot smoothly to the accelerator.

Rear parking sensors Squeeze into tight parking spots with the help of rear parking sensors. As you reverse, loud beeps alert you the closer you get to a car or object.

TRUE STYLE LIES WITHIN

Apple CarPlay™ & Android Auto™

Apple CarPlay and Android Auto connect certain apps on your iPhone or Android smartphone to the Picanto's infotainment system. It equips your vehicle's audio system with display and control functions when your phone is plugged into the USB port.

Start/Stop button + Smart Key

With the Smart Key in your bag or pocket, you can lock or unlock and even start your Picanto at the touch of a button. Available on EX, GT Line and X Line.

Audio remote controls & Bluetooth[®] hands-free

Buttons mounted on the steering wheel let you adjust audio functions while your eyes stay on the road and your hands stay on the wheel. Built-in Bluetooth® connects paired, compatible mobile devices seamlessly, giving you easy access to music streaming and hands-free calls.

Cruise control

Buttons at your fingertips let you set, adjust or cancel the cruise control system, simply and quickly.

SMART TECHNOLOGY AT YOUR FINGERTIPS

AUX and USB ports Play your music your way by connecting audio players and mobile devices via USB or AUX cables for instant playback.

Auto light control Set the lights to 'Auto' and the front and rear lights will turn on or off automatically depending on lighting conditions.

8" Colour touchscreen audio A vivid 8" colour LCD screen is shared by the rear view camera and the audio system. The large screen makes it simple to select radio stations and operate other audio system controls with the touch of a finger.

Rear view camera with dynamic guidelines

The rear view camera helps you keep an eye on what's behind you while reversing. Dynamic guidelines indicate the path you're heading on, and will react as you reverse.

E&OE 01/07/2020

picanto 5

LIFE REQUIRES REAL FLEXIBILITY

Tilt steering wheel Motor-driven power steering simplifies turning, while a tilt steering column lets you find the most comfortable driving position.

4.2" LCD segmented instrument cluster

A segmented cluster between the instrument dials keeps vital information front and center.

ISOFIX child seat anchors The Picanto is equipped with 2 x ISOFIX child seat anchor points, so you can cart your precious cargo around safely.

Climate control

Enjoy one-touch comfort by simply setting your preferred temperature, and the automatic system will monitor and maintain the temperature until you change or cancel it. Available in GT Line and X Line.

COMFORT AND ULTIMATE STYLE

Double tray

Located just below the temperature controls, the double tray provides a convenient space for sunglasses or smartphones.

60:40 Split rear folding seats For maximum flexibility, the rear seatbacks split 60:40 and fold flat, allowing several combinations of people and cargo.

Dual level luggage board A dual level luggage board allows you to maximise your boot space depending on the size and quantity of luggage you have.

Front cup holder At the front of the console, dual cup holders keep drinks secure and close at hand.

Alloy pedals

Racing inspired alloy pedals on the GT Line and X Line add to the fun of driving. Raised rubber grips help ensure confident footwork.

Interior trim upgrade Choose from a multitude of interior trim colours to take your interior to the next level. Available on EX, GT Line and X Line.

LED tail lights Not only do they brighten your presence at night, the LED tail lights add character to the GT Line and X Line.

Sports bumper An eye-catching bumper design gives the GT Line another point of difference.

Blind Spot Collision Avoidance Assist (BCA)

Sensors monitor vehicles around the Picanto, with audio and visual alerts warning when a vehicle enters or approaches your blind spot. The Picanto will also apply Differential Braking when there is further risk of a collision with a vehicle in your blind spot during lane changes.

LED daytime running lights Stylish LED daytime running lights ensure added safety by clearly defining your position on the road. Available on GT Line and X Line.

Outside mirror indicators Enjoy a more luxurious look with body colour outside mirrors that incorporate LED side indicators, heating function and electric folding. Available on EX, GT Line and X Line.

Higher ground clearance Infused with a crossoverinspired styling design combined with higher ground clearance, the X Line gives you a more confident and clearer view of the road ahead. Overseas model shown.

Specifications, equipment and colours shown in this brochure are subject to change without notice or obligation.
Fuel consumption figures shown are from standard Australia Design Rules tests and are stated for the purpose of comparison. Actual results achieved will differ according to operating conditions and driving style.
Not all handsets may be compatible.
Apple CarPlay: Requires an iPhone 5 or later. It is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning® cable provided with your phone, or an Apple certified Lightning cable. Kia Motors cannot guarantee continued compatibility.
↑ Android Auto: Requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone. Kia Motors cannot guarantee continued compatibility.

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

SERVICES

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.co.nz for full details and terms & conditions.
