

DRIVE THE ALL NEW

SPORTAGE

The Power to Surprise

Ready to reinvent the game

The all new Sportage has been completely redesigned. Fluid curves flow harmoniously into striking angles to create the next evolution of New Zealand's most popular Kia. With an imposing appearance, a rock solid stance and the torque to take you wherever the journey leads you, the impressive 2016 Sportage is here to make a statement.

SPORTAGE

Enjoy even more power
and enhanced performance

Now you can go further thanks to enhanced fuel efficiency while reveling in the delight of greater control of your driving experience, regardless of road or weather conditions.

Nu 2.0 MPI gasoline engine

Max. power 114 kW @ 6,200 rpm

Max. torque 192 Nm @ 4,000 rpm

Theta 2.4 GDI gasoline engine

Max. power 135 kW @ 6,000 rpm

Max. torque 237 Nm @ 4,000 rpm

R 2.0 (high output) diesel engine

Max. power 136 kW @ 4,000 rpm

Max. torque 400 Nm @ 1,750-2,750 rpm

Dynamax

The automatically engaging AWD system senses road conditions, wheel speed and acceleration, then applies the right amount of torque to the front and rear wheels for optimum road grip (AWD models only). Rest assured knowing that you can always tackle any kind of road or weather condition.

Automatic transmission

This six-speed unit features auto shift lock to prevent any unintended acceleration from happening.

Drive mode select

Enables you to select Normal, Eco or Sport mode to suit the way you wish to drive.

SPORTAGE

Because strength and safety
go hand in hand

Extensive use of advanced high strength steel combined with an extremely well reinforced chassis design and the trusted hot-stamping process has created the safest and quietest Sportage yet.

Advanced high strength steel

Built using 51% high strength steel, the Sportage is even stronger and lighter with benefits that include better handling and improved fuel efficiency. Hot-stamped components in 14 core stress areas help provide maximum crash protection, better driving dynamics, and a quieter ride.

Advanced adhesives

We've applied a best-in-class 103 metres of structural adhesive to enhance vehicle body strength while minimising noise and vibration for a smoother ride.

Six airbags

Airbags placed strategically throughout the interior offer protection for you and your passengers in the event of a collision.

Suspension

The design and geometry of the Sportage's improved suspension offers even more stable handling at high speeds for your safety and enhanced driving comfort.

Advanced Traction Cornering Control

Monitors and analyses road conditions, making sure the right amount of torque is focused on the wheel with the most grip to counteract over or understeer.

Vehicle stability management

This technology helps you to keep stable and safe when simultaneously braking and cornering, especially on wet, slippery or rough roads.

Hill-start Assist Control

Prevents you from rolling backwards when pulling away from a stop on an incline.

City driving has never been so cool

Sportage is the new king of the urban jungle with more than enough power to safely and smoothly navigate city roads along with a perfect combination of contemporary style and sporty appeal.

SPORTAGE

Technology to assist the drive

Blind Spot Detection with Lane Change Assist

Sensors monitor the side and rear for vehicles in or approaching your blind spots. Visual alerts are provided on the outside mirrors and cluster while an audio alert is sounded when necessary. For added safety, the Lane Change Assist system activates an alert when a vehicle approaches from behind.

High Beam Assist

The onboard camera detects both oncoming vehicles and vehicles ahead, switching the headlamps to low beam if required to reduce the blinding effects on other drivers. High beam is then switched back on once the road is clear.

Rear Cross Traffic Alert

When backing out of a parking space, a sensor detects and alerts you to vehicles approaching from the left or right.

Forward Collision Warning System

To help keep you at a safe driving distance from the vehicle in front, select a distance you would like to maintain and an alarm sounds if it estimates that you are too close.

Lane Departure Warning System

The system detects the lane using the onboard camera. A visual cue and warning sound will alert the driver when the vehicle begins to drift outside of its lane, without the driver using the indicator.

Autonomous Emergency Braking

Using radar and camera data, the Sportage senses the potential for a collision with a pedestrian, car, or object ahead and applies emergency braking to avoid or reduce the effects of a collision.

SPORTAGE

Settle in for the journey

Smart key with push button start

With the smart key in your pocket or bag, you can conveniently unlock or lock the Sportage with the simple press of a button on the door handle, and start or stop the engine with push button start.

Power adjustable front seats

Find your ultimate driving position with eight-way power adjustable front seats, plus two-way lumbar support for the driver.

Heated and ventilated front seats

Three-stage heated seats ensure that both the driver and front seat passenger are snug and warm even on the coldest days. The seats also feature the additional benefit of a three-stage ventilation system to provide different levels of comfort during the summer.

Dual-zone climate control

The dual-zone climate control allows the driver and front passenger to adjust their own personal temperature settings, while the system automatically maintains the desired climate.

Satellite navigation

The Kia navigation system is the quintessential travel companion combining navigation, trip information and a digital entertainment feature making even the shortest trips easier and more enjoyable.

Reversing camera

This intuitive system combines audio and a wide-angle image from a camera at the rear of the vehicle to give you a comprehensive view of the space behind the Sportage while parking. Reversing guidelines are linked to the steering to help you navigate into tight spaces.

Six speaker sound system

Enjoy clearer, crisper music that fills the interior of your Sportage, while Bluetooth hands-free lets you stream music and talk on the phone without taking your hands from the wheel.

Wireless smartphone charger*

Easily charge a compatible smartphone while you're on the go using the wireless charging pad at the front of the centre console.

*A compatible mobile device or accessory is required.

Eye-catching lines that draw admiring glances

We all want to stand out and be seen as different from the crowd. With a timeless design, sleek appearance and bold lines the revolutionary all new Sportage is an SUV you can be more than proud to drive.

SPORTAGE

Attention to detail for a more satisfying experience

Roof rails

The integrated roof rails are designed to fit most roof racks providing extra luggage storage so you can easily carry your oversized equipment.

Aerodynamic improvements

A state-of-the-art air curtain improves the flow of air around the front of the vehicle and reduces wind noise to provide a more enjoyable driving experience. The rear spoiler side garnish minimises the drag for improved fuel efficiency.

Privacy glass

Darkened privacy glass on the rear and back windows protects your possessions from prying eyes and direct sunlight.

Smart welcome system

Approach your vehicle with the smart key and the Sportage springs into life once you're comfortably within range. Welcome lights turn on and the outside mirrors unfold into position so that you're ready to be on the move again.

Headlamps with tri-sector LED daytime running lights

Striking headlamps with LED daytime running lights provide sharp illumination at night and added driving safety during the day.

LED rear combination lamps

Built into the contours of the bodywork, the multi-coloured rear combination lamps are designed to compliment the flowing lines of the Sportage.

Dual exhaust tailpipes
Dramatic and designed to give impact, these exhaust pipes exude power and sophistication.

Premium satin chrome finish
This semi-reflective finish is a big shift from traditional mirror chrome, adding to the GT Line's impact on the road.

Panoramic sunroof
The expanded panoramic sunroof opens up to the skies like never before to make your ride even more exhilarating.

High-gloss radiator grille
An eye-catching mesh design gives the GT Line another point of difference.

D-shaped steering wheel with paddle shifters
GT Line detailing and fingertip control gear changes give you that extra feeling of power and control.

Black high-gloss finish and aluminium pedals
Subtle and understated, these touches add to the GT Line's X-factor.

Black headlining
Surround yourself with sleek tailoring throughout the cabin.

Two-tone leather
The distinguishing combination of the two-tone leather and diamond shaped perforations gives the GT Line interior a real sense of unique style.

Step up to a whole new level

The GT Line introduces the Kia Sportage to a whole new level of prestige and style. Turning heads with its sophisticated attitude and powerful onroad presence, the GT Line is packed with stunning features inside and out. Every exclusive detail compliments the GT Line's signature sporty appearance, giving you that boost of confidence knowing you have it all.

Sporty front and rear skid plates
Designed to be noticed, these underline the powerful sporty impact of the GT Line.

Striking quad LED fog lamps
Exclusive to the GT Line, the LED ice-cube fog lamps are designed to be dynamic and edgy, really amping up its presence on the road.

Bi-Xenon HID headlights with washer and auto-levelling
These powerful lights give better visibility by creating more light.

19" Alloy wheels
Distinctive and limited only to the Sportage GT Line.

SPORTAGE

Features that heighten the satisfaction

Smart power tailgate

To make life even easier when your hands are full, the tailgate automatically opens when the smart key is detected for 3 seconds or more and closes with a push of a button.

Tailgate memory function

Your preferred opening height for the tailgate can be set and stored in memory. Just press and hold a button located under the tailgate when it's at the desired height.

Auto Cruise Control

Set and maintain a constant speed, and simply step on the brake or accelerator when you want to disengage.

Parking sensors

Ultrasonic sensors on the front and rear bumpers detect objects or pedestrians and indicates your distance.

Electronic parking brake

Activate the parking brake simply by lifting the button.

Automatic vehicle hold

Holds the Sportage at a standstill without having to keep your foot on the brake.

Rear power outlet

Rear passengers can charge their electrical devices via the USB and 12V outlets mounted at the back of the centre console.

A brief history

Keep your eyes on Kia
because the best is yet to come.

The stats

The environment

ECO-CONSCIOUS

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

Services

5 YEAR (UP TO 100,000KMS) Warranty Programme

All new Kia passenger vehicles come with an impressive 5 Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This Warranty Programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty period is also offered on all new Kias at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be completed on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your vehicle, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.com/NZ for full details and terms & conditions.

Sponsorship

Australian Open

Kia has been the major sponsor of the Australian Open every year since 2002, when Thomas Johansson and Jennifer Capriati were crowned champions. And with our new agreement through to 2018, we're set to become the longest running major sponsor in the event's history. Every year we supply Tennis Australia with more than 100 Kia cars to ensure the memorable and comfortable participation of the world's top tennis players, VIPs, officials and media.

FIFA World Cup

Kia Motors Corporation, in conjunction with its parent company, has extended its agreement with the world football governing body, FIFA. Kia now has an unprecedented long-term commitment for sponsoring the FIFA World Cup™ in 2018 and 2022 as Automotive Official Partner.

Part of this sponsorship is to supply senior FIFA officials with Kia vehicles to ensure a smooth running and enjoyable tournament, for players, officials and fans alike.

Halberg Disability Sport Foundation

At Kia we're committed to supporting worthy causes in our local community, including the Halberg Disability Sport Foundation.

Started by Olympic champion Sir Murray Halberg (ONZ) in 1963, the foundation aims to enhance the lives of physically disabled people, their families and communities, by enabling them to participate in sport. CEO Geoff Burgess says the Kia fleet plays an important role in enabling the foundation to move around the community and further its aims. "It's been an excellent partnership, especially at our grassroots level (in terms of) linking physically disabled young people to sporting opportunities."

NRL Auckland Nines

Kia is proud to be an official partner of the NRL Auckland Nines, as well as the official vehicle and automotive partner for the tournament. The NRL Auckland Nines event sits well with Kia's values, including its commitment in the creation of modern, high quality vehicles and the brand's youthful and dynamic values. The Auckland Nines are a perfect partner for Kia, helping to elevate the brand on a national level. It's all about the fans, we're a nation of sports fans and this tournament represents something fresh and thrilling with 'The Power to Surprise'. It breaks the mould and offers a unique experience that no other tournament can provide, just like our vehicles.
