

Vehicle Control Module Update

EV5 | 17/02/2024 (Date to be confirmed)

Dear Owners,

An OTA Update for the Vehicle Control Unit (VCU) will be available from the 25th of February 2025 (Date to be confirmed). This update is only applicable to EV5 vehicles produce before 11 October 2024.

What's New

This OTA update provides the following improvements for your convenience.

1. The vehicle's performance in creep driving conditions on a slight incline was improved, preventing it from rolling backward before accelerating from a stationary position.
2. Optimizes HV battery AC charging performance during low ambient temperatures.

We hope that this OTA update will enhance your driving experience with added convenience and comfort.
