### **NZ Kia Stinger Buyers Get 4 Years Free Scheduled Servicing**

**AUCKLAND – October 2017**

In addition to getting one of the most exciting cars on the road, buyers of the soon-to-be-launched Kia Stinger will also benefit from free scheduled servicing for 4 years, or up to 40,000kms.

The Kia Stinger 5-door liftback is set to go on sale in New Zealand later this year, although the exact on-sale date is yet to be confirmed.

But it is already causing excitement in the market with its rear-wheel drive architecture and 365hp (272kW) of peak power and 510Nm of torque available from the twin-turbocharged V6 engine in the flagship model that delivers acceleration of 100km/h in less than 5 seconds. Two other models, powered by a single turbocharged four-cylinder engine, developing 259hp (182kW) peak power and 353Nm of torque, will also be part of the new Stinger range.

Starting from a recommended \$54,990 plus on road costs, the new Kia Stinger is one of the most anticipated cars of the year, which is sure to be bolstered by the inclusion of free servicing.

“Buyers of the Kia Stinger will not only stand out from the crowd, they will also have the confidence of owning a new car that won’t cost them anything for scheduled servicing over

the first four years or 40,000 kilometers, whichever occurs first.” says Todd McDonald, General Manager of Kia Motors New Zealand.

And, like every new Kia passenger vehicle sold in New Zealand, Stinger will benefit from a 5-year/100,000km warranty and roadside assistance package for further peace of mind.

Each version of the Stinger will be exceptionally well equipped, including leather interior, Smart Cruise Control, LED headlights and a brand new 8-speed automatic transmission with paddle shift gear changes.

Offer terms and conditions will apply and will not be available to lease companies, government purchases, rental companies or demonstrator units.
