

# Kia Seltos

## Technology. For humans. The new Kia Seltos

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving.

It's why we create the spaces and the time you need to bring ideas to life. Very like the experience that awaits you behind the wheel of every Kia. With our design, space innovation, purpose driven technology and built in sustainability, we aim to inspire every time you encounter the Kia brand.

Because you never know where your next big idea awaits. But they are out there. Waiting to be discovered. So, what are you waiting for? Get moving. Get inspired.

Movement that inspires

## Go your own way

Seltos stands apart in the popular world of compact SUV's. Sophisticated, assertive, highly intelligent, it's hard to imagine a more spirited vehicle, or one that expresses your own individualism so eloquently.

Overseas model shown.

## Bold design that catches the eye

From every angle, Seltos epitomises the distinctive, striking exterior design that has gained worldwide acclaim and become the hallmark of Kia.

A prominent grille and lighting arrangement, complemented by a futuristic wheel design, give the new Seltos a powerful presence on the road, front and back.

## An intuitive interior space.

Horizontal design elements emphasize width and spaciousness. Displays and controls are optimally placed for high visibility and easy reach with ample headroom and legroom for everyone. Seats are firm and supportive to provide comfortability.

## A human approach to technology.

Here the driver is comfortably in command. A gently curved instrument display sets a 4-inch display within an 8-inch platform digital cluster at the center, while to the side, a tasteful 8-inch audio display keeps entertainment data well organized and in clear view.

Another 8-inch HUD projects an image equivalent to an 8-inch screen onto the windshield. Your eyes stay on the road as you monitor speed, remaining distance to empty, cruise control, and DRIVE WISE technology data

# Driving technology that protects.

Sharing the road safely means driving in sync with other drivers, and staying in control of your speed. The new Seltos gives you real advantages. Kia's DRIVE WiSE applies the latest Advanced Driver Assistance System (ADAS) technologies.

### Smart Cruise Control (SCC):

Smart Cruise Control is able to maintain a specific speed set by the driver. The distance to the vehicle ahead can be selected from 1 to 4 levels, and automatically drives while maintaining the vehicle distance and set speed. SCC automatically stops the vehicle when the preceding vehicle stops, and automatically starts when the preceding vehicle starts again within 3 seconds. After 3 seconds, the vehicle starts when the driver operates the accelerator pedal or as a switch.

### Blind-Spot Collision-Avoidance Assist (BCA)

When operating the turn signal switch to change lanes, BCA provides a warning if there is a risk of collision with a rear-side vehicle. If there is a risk of collision with a rear side vehicle when exiting a parallel parking spot, it automatically assists with emergency braking.

### Intelligent Speed Limit Assist (ISLA)

ISLA recognises the speed limit on the road with the front view camera and navigation system, and warns the driver when driving over the speed limit.

### Rear View Monitor (RVM)

The Rear View Monitor displays video of the situation behind the vehicle for safe parking.

Information contained herein is for comparative purposes only. Specifications at any given time may vary to the above.

\* Driving range figures standards are calculated using the World Harmonised Light Vehicle Test Procedure (WLTP). Actual results achieved will differ according to operating conditions and driving style.

\*\* Not all handsets may be compatible.

\*\*\* Apple CarPlay: Requires an iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning cable provided with your phone, or Apple certified Lightning cable.

\*\*\*\* Android Auto: Requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone.

Kia Motors cannot guarantee continued compatibility.

## **ECO-CONSCIOUS**

### **BLUE SKY THINKING.**

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environment protection.

As you can see, what you do on a small scale with your household refuse, we at Kia do on a large scale.

All new Kia Passenger Vehicles come with an impressive 5-Year/150,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

KIA
